

Observing Log Sheet

Your Name: _____

Date: _____

Location or name of event: _____

Telescope Owner Name *	Description of Telescope *	Object Observed	Comment
1.			
2.			
3.			
4.			
5.			
6.			
7.			
8.			
9.			
10.			
11.			
12.			
13.			
14.			
15.			
16.			
17.			
18.			
19.			
20.			

***If more than one object is observed at one telescope, just use ditto marks for these two columns. Or, if you "make the rounds" and find yourself back at a previous telescope you've observed through and have logged in, just write down the last name of the owner/operator and right "same" for the telescope.**
